Our Story: _____

The core of our life message is connecting the generations with each other for united success. We have been married 37 years. We have eight children and 11 grandchildren. We have served in full time ministry since 1982. Having founded and pastored *Covenant Life Church* in Rochester, New York, we are familiar with the sacrifice that serving in ministry requires. We have gained much experience through seasons of growth, hardship, loss and re-growth. This has forged our passion to mentor young emerging leaders.
